It is important that all statements you make on proposal forms, claim forms and other documents are full and accurate. If a form is completed on your behalf, you should check that the answers shown to any of the questions are true and accurate before signing the document. Failure to disclose any material information to your insurer could invalidate your insurance cover and mean that part or all of a claim may not be paid. If you are in any doubt as to whether information is material, you should disclose it.

In addition, if we are aware of any information that may affect or influence a supplier's acceptance or assessment of a risk proposed/renewed/covered, then we are obliged to inform the supplier accordingly for a supplier's subsequent actions. If you wish to maintain insurance covers in place on a risk, then the premiums MUST be paid when due. We are not allowed to use another client’s money to subsidise your premiums nor are we in a position to delay payments to an Insurer. If an account is not paid to us, we will have to advise the relevant supplier that the non-payment and policy covers will then cease. Insurance Compliance Regulations make the foregoing practice compulsory.
